

April 15th

Hi, you two,

Have you had a nice Easter Vacation week? I expect Jim couldn't have all week but maybe some of it. I trust your spirit has been renewed so that you can make it through the last part of the school year, Vicki -

We had Ken and Debbie and Frances with us for Easter - It was a beautiful day too - as was Saturday! And today isn't too bad - especially this afternoon - I'm going outside and transplant an azalea that is very "ill" - in fact, it may have passed away - Will see. Then I may pull a few weeds or grass too -

Looks as if I'll be having
my foot surgery about June 1st.
I'm surely not anticipating it with
any elation and must not let
myself try to postpone it!
The square dance shoes I wear
most of the time look better with
pant-suits than dresses and I
should get back to where I
can wear something to work
besides pants!

Debbie is going to begin
working for the Farmers Ins. Co.
in Tigard tomorrow - it's as big
an office as she worked in in
Salem and is quite close to
their apartment - Ken said
Jerry called him Sat. and chatted
nearly 45 minutes - His friend,
Tom, will be shipping out quite soon
and Jerry will be moving to a
smaller place - must get busy -
Hope you both are fine -
Love, Mom.
